A. What Does This Limited Warranty Cover?

This Limited Warranty for Residential Use covers any defects in material and workmanship in your Williamson-Thermoflo High-Efficiency FreeStyle Model Gas Boiler (the “Product”).

B. How Long Does The Coverage Last?

There are two separate coverage periods under this Limited Warranty: (1) the Heat Exchanger Limited Warranty Period, and (2) the Parts Limited Warranty Period (in the combination “combi” model, the domestic hot water flat plate heater exchanger is covered under the Parts Limited Warranty). The Heat Exchanger Limited Warranty Period runs for ten years from the date your Product was installed with your responsibility for the list price of a replacement heat exchanger increasing in years eight through ten pursuant to the below chart. The Parts Limited Warranty Period runs for two years from the date your Product was installed and applies to all parts of your Product except the heat exchanger.

Percentage of list price paid by consumer	0%	30%	40%	50%

C. Who Can Make Claims Under This Limited Warranty?

This Limited Warranty is available to you if you are the original retail purchaser and the Product has only been used for personal, family, or household purposes. Williamson-Thermoflo defines Products “used for personal, family, or household purposes” as any Products used in (1) any single-family dwelling or (2) a two-family owner-occupied solely residential building where the Product services the owner's residence. Williamson-Thermoflo defines Products used in any other manner to be Products “used for business purposes.” This Limited Warranty does not provide coverage to you if you use the Product at any time for business purposes. A Product used at any time for business purposes is covered by the Limited Warranty for Commercial Use for the Williamson-Thermoflo High-Efficiency FreeStyle Model Gas Boiler.

D. What Will Williamson-Thermoflo Do To Correct Problems?

If Williamson-Thermoflo determines during the Heat Exchanger Limited Warranty Period that the heat exchanger is defective in material or workmanship, then Williamson-Thermoflo will provide a replacement heat exchanger, subject to your responsibility for a percentage of such list price pursuant to the above chart. If Williamson-Thermoflo determines during the Parts Limited Warranty Period that any part other than the heat exchanger is defective in material or workmanship, then Williamson-Thermoflo will provide a replacement part.

Williamson-Thermoflo will provide replacement heat exchangers free of charge in years 1 through 7 and you will be responsible for list price percentages in years 8 through 10 pursuant to the above chart. Williamson-Thermoflo will furnish replacement heat exchangers from the closest comparable boiler model available from Williamson-Thermoflo at the time of the replacement.

If Williamson-Thermoflo provides a replacement heat exchanger, then that replacement heat exchanger will be covered under this Limited Warranty for the time remaining in the original Heat Exchanger Limited Warranty Period. If Williamson-Thermoflo provides a replacement for any part other than the heat exchanger, then that replacement part will be covered under this Limited Warranty for the time remaining in the original Parts Limited Warranty Period.
